

# Showcase Rules & Judging Criteria

1. SHOWCASE is a Portfolio making competition organized by OSS Club for intra college students only.
2. Only Individual Participation will be allowed.
3. Event will start on 2nd Nov 2020 and will conclude on 10th Nov 2020.
4. Participants are free to use any library , third party dependencies , frameworks etc with proper attribution.
5. Use of template is not allowed , your code should be your own .
6. Use of github will be recommended as proper commits will be checked.
7. You need to add 'showcase2020' as a collaborator in your github portfolio project.
8. For complete Beginners in the development domain , all the necessary mentorship will be provided through slack channels in the form of blogs , articles , code snippets etc. with the aim that the beginner participants will learn and build their portfolio by the end of the SHOWCASE.
9. **Note: You will be solely judged on the basis of your portfolio website design, responsiveness of your website, loading speed, creativity etc. You will not be judged based on the level of your projects/skills/Achievement/Ratings etc.**
